

Join our 100,000-strong Thyroid Community

Our HealthUnlocked online thyroid community offers you the opportunity to connect with over 100,000 other people with thyroid and related conditions. You can share experiences, information and concerns in a safe environment where members feel welcome and supported.

The online thyroid community is led by our Admin Team who are people with life experience of thyroid conditions and related disorders. They spend their time helping people by answering their questions and pointing them to various areas of our website and other information.

It's completely free to join and open 24 hours a day, 7 days a week.

Join the thyroid uk online community

By providing a safe space to give and receive peer support, find tools and resources to inform about your condition(s) and access to local services, you will be more equipped to manage your thyroid health than ever before.

About HealthUnlocked

HealthUnlocked is the world's largest social network for health, with 1 million members across the globe, and growing. It connects people with the same health conditions, where they can share experiences and get answers to questions about their chronic conditions and wellbeing needs - empowering people with knowledge for enhanced self-care. When people search for information on HealthUnlocked, they can rest assured that it is reliable and trustworthy.
