

## Recycle your stamps

Recycle your postage stamps to raise funds for us.

1. Leave about 1/4 inch around the stamp when you cut it off the envelope, being careful that you don't damage it
2. Build up a reasonable collection of stamps
3. Send them to Thyroid UK (1125270), PO Box 16992, Sutton Coldfield B73 9YA

Our partner Recycling for Good Causes will arrange collections for larger quantities of stamps over 10 kilos. That's about two buckets full of stamps. Call 01827 64076 or send them an email.
